LENDING LOCKER POLICY AND PROCEDURE:

- Inbound Marines arriving in the National Capital Region (NCR) are fully authorized to utilize lending locker services located aboard the below sister service installations.
- Because each installation maintains its own distinct policies and procedures, personnel must contact individual locations directly to verify specific operating hours, check-out processes, item availability, and whether official PCS orders are required to initiate an item loan.
- Borrowers are responsible for ensuring all checked-out items are returned on time, thoroughly cleaned, and in fully usable condition in accordance with that specific location's established policies.
